To Whom It May Concern:

I recently hosted my 45th High School Class Reunion. We were looking for entertainment and contacted several companies. After speaking with Tom and Shondra we were certain that they were the ones for us. They kept in contact with us throughout our planning and established a great line of communication. They fulfilled our every expectation.

At the event Tom and Shondra did an excellent job. They not only made a special effort to provide the type of music we requested but they were wonderful entertainers. They sang and brought a real spark to the event. They had us all on our feet dancing all night long. They were a hit with all my classmates and the event was a huge success.

I would highly recommend Tom and Shondra to anyone who is planning an event and wants entertainment. I plan to recommend them to my customers at The Arroyo Roble Best Western Hotel.

Sincerely

Leon Lunsway
