Dear Tom and Shondra,

I am still very excited that you were able to participate in our Rites of Spring V on Saturday, April 5, 1997 at StoneRidge Country Club. Your performance as our entertainment for the evening set the tone for the entire event. Your show was fabulous and your talents are overwhelming! You really entranced the audience. You both went over and beyond the call of duty that evening! Your wit and charm added so much and you are primarily responsible for the success of the gala. Because of you, we exceeded our goal of \$15,000.

As you know, our attendance this year was 240. This was in spite of the fact that two other black tie events were held in the immediate area in March. Again, we know that your presence added to those numbers.

I can not thank you enough for contributing your time and enormous talent to this most worthy cause. The Poway Center is indeed fortunate to have you involved. I find it especially gratifying that you would take the time to perform in support of our beautiful Center.

I look forward to working with you again. On behalf of the Poway Center Guild of the Poway Center for the Arts Foundation, please accept our thanks for all of your help. You are both truly "stars".

Sincerely,

Mary M. Karscig, Chair
Poway Center Guild
