Dear Tom and Shondra,

On behalf of the Rancho Bernardo High School Foundation, I wanted to thank you both for your key role in making our Fourth of July Fireworks event a great success. Catering to a crowd of nearly 8,000 people is not an easy task. Your trio, however, managed to keep everyone energized the entire evening. We can not thank you enough.

Our fireworks could be seen for many miles around the school, but it is a nice tribute to your band that our community chose to actually come down to the High School Stadium in order to be together and hear both of you play. They came not only for the fireworks but also for the entertainment, and they got it!

We look forward to the possibility of working together again next year, if not sooner.

Sincerely,

Nick Anastasopoulos  
President
